x1      x2      x2      x2

Garantien bortfalder hvis følgende ikke er overholdt :

- Brug kun godkendt installationskabel
- Installationskablet skal igennem membran med beskyttelseskappe.  
IKKE kun de tynde ledninger.  
Membranen skal placeres 100% korrekt omkring kablet og i hullet.  
Der kan også sikres ekstra med silikone (medfølger ikke)
- Brug gummipakning til montageskruer
- Gummipakning mellem bagpladen og selve lampen skal sidde korrekt

The guarantee is void if the following is not observed:

- Use only approved installation cable
- The installation cable must pass through the membrane with the protective cover.  
DO NOT use only the thin wires.  
The membrane must be placed 100% correctly around the cable and in the hole.  
It can also be additionally secured with silicone (not included)
- Use rubber gasket for mounting screws
- The rubber gasket between the back plate and the lamp itself must fit correctly
