DESIGN FROM PEOPLE TO PEOPLE

## / WHO IS ANTIDARK

ANTIDARK is a Danish company. We design lighting where stylish design and high quality goes hand in hand.

Our collection has the character of Danish design, which is both minimalist and timeless.

ANTIDARK gained its independent brand in 2017. But in fact, we have great experience within lighting as we formerly were a part of the inventory company Scan Studio. At that time our collection primarily consisted of lighting for shops that wanted technical and professional lighting. That is why ANTIDARK has more than 25 years of experience in lighting. Now we also design lighting for private homes.

Here we present you to a small selection of our collection, and we recommend that you take a closer look to the whole collection here:

Form and functionality must come together. We love design and beautiful lighting, and to have it converted into lamps and lights that gives the perfect atmosphere, and creates peace and joy in the room you are in.

Design is not just about good design. Lighting and lamps are about more than getting an attractive and aesthetic look. We design lighting that shapes the room or space you are in, whether you are indoors or outdoors, so that the room or space becomes an attractive, comfortable, soothing and relaxing place to be in.

## / LIGHTING FOR PRIVATE HOMES

We sell B2B. As a private individual, you can buy our products via retailers and in webshops. Here you will find a large selection of lamps for both outside and inside.

We cooperate with retailers throughout Europe.

## / DESIGNLINE by ANTIDARK

One of the favorites among our designs is the ANTIDARK Designline series, which is a track system with many options.

When we designed the series we emphasized a minimalist look. The track is just 2.2 cm thick, and we therefore have one of the thinnest track systems on the market.

You can use both spots and pendants for the Designline track. And the series is available in both black and white and with different kinds of spots and pendants in both black, white, brass and rose gold.
